Health & Safety Policy Document

PART 1 THE GENERAL STATEMENT OF POLICY

Our policy is to promote high standards of health and safety at work and to avoid or reduce the risks to our employees and others who may be affected by our work activities.

Our policy statement details who does what, how and when they do it and sets out how we manage health and safety within Advanced Refurbishment Contracts Ltd.

THE GENERAL STATEMENT OF POLICY of Advanced Refurbishment Contracts Ltd is:

1. To provide adequate control of the health and safety risks arising from our work activities in conjunction with employees, other contractors, clients and designers.
2. To consult on health and safety matters with our employees to ensure this policy and its arrangements for health and safety are enforced and kept up to date.
3. To provide and maintain safe and healthy working conditions.
4. To provide and maintain plant and equipment that is safe to use and is properly maintained.
5. To ensure the safe handling and use of substances
6. To accept responsibility for the health and safety of other people who may be affected by our work activities
7. To provide information, instruction and supervision for employees and to adequately resource the task
8. To provide adequate information and training and ensure all employees are competent to carry out their tasks and to adequately resource this task
9. To prevent accidents and cases of work related ill health.

This policy will be kept up to date, particularly as circumstances change. To ensure this, the policy and the way it is managed will be reviewed at least every 12 months and at such times as required to comply with changed circumstances or new and updated Legislation. Industry guidelines and Regulations together with the experience of operating this policy.

A copy of this policy and any changes will be given and explained to all employees.
